

# Alert *Riverdale*

Morris County has moved to a new emergency alert system called **AlertMorris**. In our town, it is called **Alert RIVERDALE**.

With **Alert RIVERDALE**, you can receive emergency alerts by email, text, phone, or whatever method of communication you prefer.

**Sign Up for free at [AlertMorris.com](http://AlertMorris.com).**

If you were a member of the County's old notification system, Everbridge, your information was forwarded to **Alert RIVERDALE**. But we ask that you register again, so we are sure to have captured everyone in the new system.

## **Alerts on Social Media**

Morris County's social media alert accounts on Facebook and Twitter, @MCUrgent, also have changed their names to @**AlertMorris**. Get updates from OEM and multi-jurisdictional emergency alerts through your favorite social media platform!

If you'd already signed up for @MCUrgent, there's nothing to do – you'll see @**AlertMorris** in your Twitter and Facebook feeds. Otherwise, follow @**AlertMorris** today!

## **Also, Smart911**

**Alert RIVERDALE** also automatically signs you up for **Smart911** which provides you and your family with potentially life-saving **Smart911**, which is an important and free emergency 9-1-1 call component for those jurisdictions (including Morris County) who's 9-1-1 center utilizes this product.
